# THE ROYAL & TIMES

AUGUST 2015

## From The Captain's Desk

Dear Members

There is good news. The course enhancement work is almost complete – in fact we expect the contractor to complete the earth moving and shaping work, where required, within the next ten days. The Club is simultaneously grassing the newly worked areas, so we are well on target.

The new practice green has been completed. Half of this will be open for use by October 17, while the other half, which has been recently grassed, will take another 75 days. We will then have a facility a world class facility – a 1000 square metres practice green.

One of the areas requiring immediate attention is the 3 rd. Shamiana. Many pieces of furniture have crossed their useful life and need to be replaced immediately. We have selected the design and we can expect the Shamiana to have a new look soon.

With good wishes for the festive season,

*Aditya Bajoria*

## GREENS COMMITTEE REPORT:

The onslaught of this years monsoon continued during the entire month of August with 130mm of rain received on the first few days of the month. Conditions never dried out from that point and it rained successively bringing the monthly total to 346 mm and the annual total to 1,700 mm of rain.

Despite such heavy rainfall the health and the quality of our greens is stable as we have been diligent in applying our knowledge from our past experience. Hence we have been successful in keeping our greens healthy during the worst of monsoons.

The course enhancement work is in full swing on tees # 2, 3, 4, 9, 10, 11, 12, 14, 16 and 18. The work is going on as per schedule and we expect to complete the same before the start of the golfing season.

## GOLF TIP FOR THE MONTH:

### Rory's Game Changing Tips 3:

#### "Activate" Your Address Position

To crush it, you need a comfortable stance. Simply tilt from your hips while flexing your knees.

You'd think I'd be able to get into a solid address position without thinking, considering the tens of thousands of swings I've made in my lifetime. The truth is that it's as easy to fall into bad habits here as it is in any other part of your swing. So I work on my address every time I practice.

**The Key:** Settle in so that your arms hang freely and are far enough in front of you to whip the club through the impact zone without your body getting in the way.
